

STREAM ASSESSMENT VOLUNTEER TRAINING

September 7, 2024 | 9 AM - 1 PM

Curious about the health of our streams?
Want to spend time outside this fall?
Join us for a morning of training and become part of a statewide riffle bioassessment volunteer stream monitoring program.

What is a stream assessment?
Stream assessments sample streams for aquatic macroinvertebrates (stream bugs!)

What will I do?
Assist Eightmile and Salmon River Staff in completing a stream assessment and macroinvertebrate sorting.

When is it?
Training:
September 7
Future Volunteer Opportunities:
Generally weekends from Sept through November

Where is it?
Classroom Training: Eightmile Office, 2 Dolbia Hill Road, East Haddam
Field Training: Devil's Hopyard State Park
Future Volunteer Opportunities:
East Haddam, Lyme, Salem, Colchester, East Lyme, Bolton, Columbia, East Hampton, Glastonbury, Haddam, Hebron, Lebanon and Marlborough
